Topic: Report Scheduler

REPORT SCHEDULER

Seacoast is proud to announce the availability of a new **Report Scheduler** for SurroundLab™ Plus. Enjoy the convenience of having business critical reports automatically delivered to your email inbox, share folder or office printer.

LXRSTEMP4700 Settings for Scheduled Report

Output Device: EMAIL

Client ID(s): +

E-mail To: lisat@sldsi.com

Subject: Client Issue Report

Reports can be scheduled to run Daily, Hourly, Monthly or Weekly and additional report parameters allow you to further refine the delivery schedule.

The currently available reports include:

- Interface Error Log
- Open Client Issues Report
- Corrective Action Report (Instrument QC)
- Detail Report (Instrument QC)
- Summary Report (Instrument QC)
- Levey Jennings Post Script
- Pending by Department
- Turn Around Time Report
- Client Activity Summary
- Order Code Utilization Report
- Patient Result Report
- Site Activity Summary

Please note: Additional standard reports, and local custom reports, can be added to the report scheduler option.

Please contact your SurroundLab Plus Support Representative for more information!

Seacoast will be closed on Thursday November 23rd to observe the Thanksgiving holiday. Wishing a Happy Thanksgiving to all of our Seacoast Customers and their Families!
