

# SLScan

Rapidly scan, index and electronically store your paper documents with **SurroundLab™ Scan Document Management System.**

Utilizing bar-code recognition, SLScan allows documents to be quickly indexed for storage. Support for multiple document types gives you the flexibility to store and retrieve a variety of documents.

As with all of our Seacoast products, SLScan is fully integrated with SurroundLab AR and SurroundLab Plus, allowing you instant accessibility to stored images with our SLVU image viewer. Enjoy in application access to scanned documents such as:

- ❖ Patient Requisitions, including full support of duplex imaging for 2 sided Requisition forms
- ❖ Insurance and ID cards
- ❖ Reference Laboratory Reports
- ❖ And so much more!
